

GO!2 MOBILE KEYBOARD

Designed for the mobile or office professional, the light and sleek Goldtouch Go!2 Mobile Keyboard offers personalized comfort that's uniquely adjustable.

Available in wired or Bluetooth models.

Key Features

- Adjustability:** 0-30° adjustment in the horizontal plane, combined with additional 0-30° individual adjustments for vertical tenting.
- Comfortable:** Scissor-switch key system for fluid, silent tactile feedback.
- Compact:** Ready to use in tight places — like airplanes or hotel desks — and folds over for added travel convenience.
- Compatible:** Supports Windows 10, 8, 7, Vista, XP, 2000 and Mac OS 10.4 and above. Multimedia key support for both Windows and Mac OS

ELITE ADJUSTABLE KEYBOARD

The Goldtouch Elite Keyboard can help support your posture and the angle of your wrists, hands, and forearms when typing, reducing the risk of Repetitive Strain Injury (RSI). The design has been updated to have a thinner, streamlined aesthetic with a new handle to make tenting and splaying much easier. Each device is PC & Mac compatible. Wired or 2.4 Ghz Wireless.

Key Features

- Versatility:** Adjustable by 0-30° horizontally and 0-60° vertically.
- Flexible Layouts:** Toggle the rear switch to enable Default or Alternate keyboard layouts.
- Compatibility:** Toggle rear switch to use with either PC or Mac devices.
- Connectivity:** Available as wired or wireless.

EASYLIFT SIT/STAND
DESK CONVERTER

Sitting for extended periods of time has been shown to cause significant health problems. From metabolic disorders to slowed brain function, posture problems, and even cancer, there is mounting evidence to show the importance of getting up and varying one's posture throughout the day. The Goldtouch EasyLift Desk makes it easier than ever to achieve the ideal posture throughout the day — whether sitting or standing — and your body will thank you for providing a more dynamic workday.

Key Features

- Powerful:** 27 lbs (12 kg) of elevating force lifts up to 77 lbs (35 kg).
- Versatile:** 20 in (508 mm) of vertical range for users of any height.
- Strong:** Solid crossbeam supports a stable work environment.
- Sliding Keyboard Tray:** With 5.75 inches of extension and the ability to raise, lower, or tilt.
- No Tangles:** Cable management system keeps wires out of the way.

GOLDTOUCH GELS

Goldtouch keyboard wrist rests and gel pads offer the very best in ergonomic support for your wrists, hands and joints. Designed to fit a wide range of keyboards and mice, you'll find all of the comfort you seek without sacrificing style or choice.

GOLDTOUCH MICE

Goldtouch Mice are designed to deliver a better mousing experience through innovative form and simplicity, giving the wrists, hands and fingers a well-deserved upgrade in mousing comfort. Manufactured with the highest standards, Goldtouch mice are high-quality, high-performance, and provide high comfort to our loyal users.

The Goldtouch Wireless Ambidextrous mouse.

The Goldtouch Comfort Mouse is available in wired or Bluetooth models.

Key Features

- Driver Free Installation:** Easy to use Plug-and-Play technology.
- Comfort:** All Goldtouch mice are designed for hours of computing comfort — designed to cradle your hand and thumb and provide incredible support.

SEMI-VERTICAL
MOUSE

The Goldtouch Semi-Vertical Mouse was created with an optimal slope of 66° for ultimate comfort and precision. Featuring multiple DPI settings, an Ergo-grip flange accessory, comfortable anti-slip texture grip and adjustable weights for a fully-customized experience.

The Semi-Vertical Mouse is available in Right or Left-Handed versions.

Key Features

- Ideal Slope:** 66° slope creates optimal comfort and hand/wrist positioning.
- Flange Accessory:** Detachable Ergo-grip flange keeps palm off the surface of the desk.
- Comfortable Feel:** Anti-slip texture grip and rubberized coating provide maximum comfort.
- Front and Back Keys:** Page forward or Page back with convenient thumb keys.
- Plug & Play:** Wireless USB 2.4 Ghz receiver, or traditional USB cable, allows for quick set up.

LAPTOP Stands &
MONITOR ARMS

Goldtouch Laptop and Tablet Stands feature our innovative height adjustment/travel system to raise your laptop to the perfect height for greater comfort and reduced neck strain.

Available in aluminum or composite resin.

Goldtouch Monitor Arms offer a broad range of seamless monitor adjustments for height, focal distance, and tilt angle, to help create a healthier, safer, and more comfortable work environment. Available in Single or Double styles.

The Dynafly Monitor Arm can support monitors up to 33lbs.

Key Features

- Adjustable:** Laptop stands and monitor arms offer an adjustable height system to bring your laptop screen or monitor to eye level, reducing neck and eyestrain.
- Works With You:** Laptop stands lay flat for better and easier travel. Monitor arms adjust perfectly to any user.

NUMERIC KEYPADS

The Goldtouch Elite Numeric Keypad features a slimmer, more streamlined design. Low-profile Cherry MX Red key switches give feedback number crunchers love. Wired or Wireless options.

Key Features

- Simple:** Easy to use Plug-and-Play technology, featuring a USB connector.
- Easy Access to Essential Keys:** PC Key Features: Tab, Escape, Backspace, Home, Insert, and Delete, along with frequently needed symbols and functions: , # @ : () \ ¢ % \$ € £ ¥ MS M+ MC MR +/- 00 and = keys. Mac Key Features: Escape, Tab, Delete, FN, Clear, Enter, Home Key, Page Up & Page Down keys, the End key, and Directional Arrows, along with the essentials: 0,1,2,3,4,5,6,7,8,9,=,+,-,/,*.

||| EVOLUENT REDUCED REACH RIGHT-HAND KEYBOARD

Unlike many keyboards, the Evoluent Reduced Reach Keyboard places the numeric keypad on the left, making more room for mousing. This eliminates overreaching, allowing you to keep your arm in a natural position as you use your keyboard and mouse.

KOV-R3K

Features left-side numeric keypad for reach-free mousing

||| ROCKSTICK 2 MOUSE

Unlike non-ergonomic mice, which can force your arm into a pronated hand position, this vertical mouse encourages a handshake approach to mousing. With this natural position, you will mouse more comfortably, and you won't strain to reach buttons.

KOV-RS200WM (Wireless, Black, Medium)

Clicking is accomplished by rocking stick left or right, eliminating traditional finger clicks.

||| ORTHOVIA ORTHOMOUSE

The fully customizable OrthoMouse will gently guide your wrist and hand into an ideal position. This creates a better fit and is scientifically proven to reduce the risk of developing a repetitive strain injury like carpal tunnel syndrome. It features six different custom configurations and five customizable buttons.

KOV-ORTHO (Wired)

The OrthoMouse was designed by an orthopedic surgeon and is based on the anatomy of the human hand.
